RE: Producer Survey - Please Respond

All,

We need to gather some information from our super informed group of insurance professionals. If you would be so kind as to answer the following questions and return them to [ejoyner@fajua.org](mailto:ejoyner@fajua.org), we would be very grateful. Thank you in advance.

1. Since you quote for multiple standard market companies, can you please give us a sense of our rates in your market.
2. Are more companies taking PIP claims?
3. Has the market softened up?
4. What companies are taking PIP claims?
5. What can the FAJUA do to serve you better?
